

## **The Works Art & Design Festival Call To Enter 2009/2010 Festival Themed Exhibits**

**2009 Festival Dates: June 19 - July 1.**  
**2010 Festival Dates: June 25 – July 7**  
**Application Deadline for both years is  
Friday, August 29, 5 PM Mountain Standard  
Time, 2008.**

**The Works International Visual Arts Society** advances the development, awareness and appreciation of art and design in Canada and provides a forum for the exchange of ideas between artists, designers and the public.

The Works Art & Design Festival is the largest art and design festival in North America. Artists and designers from every continent have been featured in more than 660 exhibits in 480 venues throughout one square mile of Edmonton's downtown. 5 million visitors have attended the festival. 7700 volunteers have contributed more than 90,000 hours. The Works takes an entire year to produce with six full time and 65 seasonal staff.

The Works currently invites artists and designers to propose exhibits for the core of themed exhibits in the 2009 and 2010 Festivals.

### **WATER, HEAT, EARTH**

From 2008 through to 2010, The Works will be addressing social and environmental sustainability, consciousness, and responsibility. For each year there will be a core of themed exhibits surrounding one element that relates to these issues. 2008 core theme was WATER, 2009 will be HEAT, and 2010, The Works 25<sup>th</sup> Anniversary year, will have a core of exhibits themed EARTH.

Exhibits will treat the theme both literally and metaphorically and will bring awareness to the prevalence and importance of these elements in our lives. Proposals for this call should relate to the theme of the year applicants are interested in. Artists may approach HEAT and EARTH from a didactic, poetic, or commentative angle.
